

WELCOME

OUR APPROACH

Please enjoy our eclectic and wide-ranging drinks list, featuring everything from high-end, old world wine producers by the bottle or sampled through a Coravin through to dynamic young winemakers making delicious, sustainable wine. There is also a carefully chosen selection of special saké, sparkling and plum sake, to complement our menus, and a house-crafted series of cocktails, echoing the same exotic flavours as our food.

We hope we have created a generous and democratic drinks list, one that reflects our own personal interests and with a strong focus on the classics, but designed for exploration.

Do ask if there's something in particular you're looking for or there's anything we can help you with. We love to share our knowledge and enthusiasm, and we believe that every new glass or bottle is both a learning opportunity and a moment of joy.
